MIN 2020–2021 POCKET PART HIGHLIGHTS

The 2020–2021 pocket part to the Sixth Edition of the Criminal Jury Instruction Guides includes significant changes and updates. These include added Comments on the receipt of relationship testimony in domestic abuse cases, clarifying the instruction on liability for the crimes of another, clarifying the definitions of “force” and “coercion” in sex crimes. Several instructions were amended as the result of legislative changes to the law, including criminal sexual conduct with an underage victim in several degrees and sex crimes committed by various public employees and massage and other body workers. The pocket part also addresses legislative changes to harassment and stalking laws and sexual abuse of patients, clients, and residents of care facilities. Surreptitious intrusion instructions have been amended in response to legislative changes, including new instructions on surreptitious intrusion with sexual intent regarding a minor.

Most significantly, this pocket part includes the complete rewrite and renumbering of the instructions on self-defense and the use of force.

BURGLARY

CRIMJIG 17.02

BURGLARY IN THE FIRST DEGREE—OCCUPIED DWELLING—ELEMENTS

n. 1.

Replace Footnote one with the following text:

A “building” is a structure suitable for affording shelter for human beings, including any adjacent, appurtenant, or connected structure. Minn. Stat. § 609.581, subds. 2 and 3. *See also State*

v. Lopez, 908 N.W.2d 334 (Minn. 2018) (holding a hotel guest commits a burglary when he or she enters another guest’s room without consent and commits a theft in that room).

CRIMJIG 17.03**BURGLARY IN THE FIRST DEGREE—WEAPON—
ELEMENTS**

Replace the current Jury Instruction and Comments with the following text and Comments:

The elements of this crime are:

First, the defendant (entered a building without the consent of the person in lawful possession) (entered a building by using artifice, trick, or misrepresentation to obtain consent to enter from the person in lawful possession) (remained within a building without consent of the person in lawful possession). [The entry does not have to have been made by force or by breaking in. Entry through an open or unlocked door or window is sufficient.] [Whoever enters a building while open to the general public does so with consent, except when consent was expressly withdrawn before entry.] [The defendant need not have entered the building without the consent of the person in lawful possession, nor does it matter whether the person knows of the defendant's remaining, so long as that person does not consent to the defendant's remaining in the building.]

“Building” means a structure suitable for affording shelter for human beings including any appurtenant or connected structure.¹

A person is in lawful possession when the person owns the building or has been given the right to control or occupy the building by the owner. Such a person may be in lawful possession of the building, although the person is not physically present at the time of the entry.²

[1] Second, the defendant possessed a dangerous weapon or an explosive when entering or at any time while in the building.³

“A dangerous weapon” means any firearm, whether loaded or unloaded, or any device designed as a

weapon and capable of producing death or great bodily harm, any combustible or flammable liquid or other device or instrumentality that, in the manner it is used or intended to be used, is calculated or likely to produce death or great bodily harm, or any fire that is used to produce death or great bodily harm.⁴

“Great bodily harm” means bodily harm that creates a high probability of death, causes serious permanent disfigurement, or causes a permanent or protracted loss or impairment of the function of any part of the body, or other serious bodily harm.⁵

[2] **Second**, the defendant possessed an article used or fashioned in a manner to lead (another person) (_____) to reasonably believe it to be a dangerous weapon when entering or at any time while in the building.

“A dangerous weapon” means any firearm, whether loaded or unloaded, or any device designed as a weapon and capable of producing death or great bodily harm, any combustible or flammable liquid or other device or instrumentality that, in the manner it is used or intended to be used, is calculated or likely to produce death or great bodily harm, or any fire that is used to produce death or great bodily harm.⁶

“Great bodily harm” means bodily harm that creates a high probability of death, causes serious permanent disfigurement, or causes a permanent or protracted loss or impairment of the function of any part of the body, or other serious bodily harm.⁷

Third, (the alleged victim) (_____) was physically present at any time while the defendant was in the building.⁸

[1] **(Third) (Fourth)**, the defendant entered or remained in the building with the intent to commit [Insert name of intended crime alleged].

The elements of _____ are:

[INSERT elements of the intended crime without date or venue.]

It is not necessary that the intended crime was actually completed or attempted, but it is necessary that the defendant had the intent to commit that crime at the time the defendant entered or remained in the building. Whether the defendant intended to commit the crime must be determined from all the circumstances, including the manner and time of entry or remaining in the building, the nature of the building and its contents, any things the defendant may have had with the defendant, and all the other evidence in the case.

[2] (Third) (Fourth), the defendant committed the crime of _____ [Insert name of crime alleged] while in the building.

The elements of _____ are:

[INSERT elements of the alleged crime without date or venue.]

(Fourth) (Fifth), the defendant's act took place on (or about) _____, in _____ County.

If you find that each of these elements has been proven beyond a reasonable doubt, the defendant is guilty. If you find that any element has not been proven beyond a reasonable doubt, the defendant is not guilty.

COMMENT

Minn. Stat. § 609.582, subd. 1(b).

¹Minn. Stat. § 609.581, subd. 2. See also *State v. Lopez*, 908 N.W.2d 334 (Minn. 2018) (holding a hotel guest committed a burglary when he entered another guest's room without consent and committed a theft in that room).

²Lawful possession defined, see CRIMJIGs 17.15, 17.16. Note that an

owner can divest himself or herself of the right to lawful possession of the building through an agreement with a co-owner. *State v. Spence*, 768 N.W.2d 104 (Minn. 2009).

³The statute does not impose an additional *mens rea* requirement with respect to the element of possession of a dangerous weapon, *i.e.*, the state

need not prove the defendant *knowingly* possessed a dangerous weapon. See *State v. Garcia-Gutierrez*, 844 N.W.2d 519, 522 (Minn. 2014).

⁷Minn. Stat. § 609.02, subd. 8.

⁸This element is required when the state alleges the defendant possessed an “article used or fashioned in a manner to lead the victim to reasonably believe it to be a dangerous weapon.” See *State v. Rogers*, 925 N.W.2d 1, 4 (Minn. 2019).

CRIMJIG 17.32**SURREPTITIOUS INTRUSION—HOUSE OR DWELLING PLACE—ELEMENTS [Retitled]**

First, the defendant entered upon the property of (_____) (another person).

[1] **Second**, the defendant surreptitiously gazed, stared, or peeped in the window or any other aperture¹ of the house or dwelling place of (____) (another person).

[2] **Second**, the defendant surreptitiously installed or used any device for observing, photographing, recording, amplifying, or broadcasting sounds or events through the window or any other aperture² of the house or dwelling place of (____) (another person).

Third, the defendant (gazed, stared, or peeped) (installed the device) with intent to intrude upon or interfere with the privacy of a member of the household³ of (____) (another person).

If you find the fact has not been proven beyond a reasonable doubt, you should answer "no."]⁷

COMMENT

Minn. Stat. § 609.746, subd. 1(a), (b), (e).

¹"Aperture" has been defined as a space through which an offender obtains a view into a place where a reasonable person has an expectation of privacy. *See State v. Ulmer*, 719 N.W.2d 213 (Minn. Ct. App. 2006).

²"Aperture" has been defined as a space through which an offender obtains a view into a place where a reasonable person has an expectation of privacy. *See State v. Ulmer*, 719 N.W.2d 213 (Minn. Ct. App. 2006).

³The statute does not define "member of the household." In the absence of statutory inclusion by reference or governing case law, the committee does not recommend using the definition of a similar statutory phrase found in chapter 518B. The chapter 518B definition is likely overbroad because it includes persons who do not currently live in the household. *See*

Minn. Stat. § 518B.01, subd. 2(b).

⁴Minn. Stat. § 609.02, subd. 9(4).

⁵*See* Minn. Stat. § 609.02, subd. 9(2).

⁶A violation of Minn. Stat. § 609.746 or 609.749.

⁷The special interrogatory should be used only if the defendant is charged with an offense enhanced by prior conviction. The defendant is entitled to stipulate to the existence of a prior conviction. *State v. Davidson*, 351 N.W.2d 8 (Minn. 1984). Such a stipulation constitutes a waiver of jury trial on this element, and the defendant's waiver must be made personally and on the record. If the defendant has stipulated to the prior conviction, that information should not be presented to the jury, and the special interrogatory should not be used.

CRIMJIG 17.33**SURREPTITIOUS INTRUSION—EXPECTATION OF

⁵The statute does not define "member of the household." In the absence of statutory inclusion by reference or governing case law, the committee does not recommend using the definition of a similar statutory phrase found in chapter 518B. COMMENT

Minn. Stat. § 152.022, subd. 1(7).

A sale requires more than a temporary surrender of the controlled substance. *Barrow v. State*, 862 N.W.2d 686 (Minn. 2015).

In cities where no grid system is present, the term “one city block” does not apply and the transaction must take place within 300 feet of the park for the statute to apply. *See State v. Estrella*, 700 N.W.2d 496 (Minn. App. 2005).

When land surrounding a public park is divided into rectangular blocks bounded by city streets, the area “within one city block . . . of the park boundary” include the entire area of block adjacent to the park. *State v. Carufel*, 783 N.W.2d 539 (Minn. 2010) (a controlled substance case). This holding would presumably also apply to a school zone or public housing zone.

¹The Schedule I or II narcotic, LSD, 3,4 methylenedioxy amphetamine, or 3,4 methylenedioxymetamphetamine.

²The defendant need only know that it was a controlled substance and not what the exact scientific description of the controlled substance was. *See State v. Ali*, 775 N.W.2d 914 (Minn. App. 2009). “To know” only requires

that the defendant believes that the specific fact exists under Minn. Stat. § 609.02, subd. 9.

³*See* Minn. Stat. § 123B.41, subd. 9 for the definition of a “nonpublic school.”

⁴*LaPenotiere v. State*, 916 N.W.2d 351 (Minn. 2018).

COMMENT

Add the following text as the third paragraph to the Comment:

The Supreme Court, in *Barrow v. State*, 862 N.W.2d 686 (Minn. 2015), held that defendant's transfer of drugs to his wife to conceal his possession of the drugs did not constitute a "sale" within the meaning of the statute. Defendant did not give up his interest in the cocaine for her use but to hide it, so the "give away" portion of the definition of "sell" was not satisfied. In order to find a "sale," the fact-finder must find a surrender of the defendant's possessory interest.

COMMENT

M.S.A. § 152.023, subds. 2(4) and 2(6).

The requirements for constructive possession are drawn from *State v. Mollberg*, 310 Minn. 376, 246 N.W.2d 463 (1976), and *State v. Florine*, 303 Minn. 103, 226 N.W.2d 609 (1975). Possession need not be by the defendant alone, but may be shared with others. *State v. LaBarre*, 292 Minn. 228, 195 N.W.2d 435 (1972). See also *State v. Hunter*, 857 N.W.2d 537 (Minn. App. 2014), in which the Court of Appeals held that possession requires dominion and control over the controlled substance and not the place where the controlled substance is found.

In cities where no grid system is present, the term “one city block” does not apply and the transaction must take place within 300 feet of the park for the statute to apply. See *State v. Estrella*, 700 N.W.2d 496 (Minn. App. 2005).

When land surrounding a public park is divided into rectangular blocks bounded by city streets, the area “within one city block . . . of the park boundary” include the entire area of block adjacent to the park. *State v. Carufel*, 783 N.W.2d 539 (Minn. 2010) (a controlled substance case). This holding would presumably also apply to a school zone or public housing zone.

The Supreme Court, in *State v. Benniefeld*, 678 N.W.2d 42 (Minn. 2004), held that the State is not required to prove that a defendant knew that he was in a school zone or intended to commit the crime in a school zone.

fied throughout the instruction.

Second, the defendant unlawfully sold, gave away, bartered, delivered, exchanged, distributed, or administered _____ to (_____) (another).

Third, the defendant acted intentionally¹ in selling, giving away, bartering, delivering, exchanging, distributing, or administering _____ to (_____) (another).

Fourth, the defendant proximately caused² great bodily harm to _____ by, directly or indirectly, selling, giving away, bartering, delivering, exchanging, distributing, or administering _____³ to (_____) (another). “To proximately cause” means to be a substantial causal factor in causing the [death]. The defendant is criminally liable for all the consequences of (his) (her) actions that occur in the ordinary and natural course of events, including those consequences brought about by one or more intervening causes, if such intervening causes were the natural result of the defendant’s acts. The fact that other causes contribute to the [death] does not relieve the defendant of criminal liability. However, the defendant is not criminally liable if a “superseding cause” caused the [death]. A “superseding cause” is a cause that comes after the defendant’s acts, alters the natural sequence of

events, and produces a result that would not otherwise have occurred.

CRIMJIG 28.12**TAKING WILD ANIMALS WHILE UNDER THE
INFLUENCE—ELEMENTS**

Replace current Jury Instruction with the following Text, Comments, and Footnote:

The elements of this crime are:

First, the defendant took a wild animal with a firearm or by archery.

“To take” includes to pursue, shoot, kill, capture, trap, snare, spear or net or to attempt to do those things or assist another person in taking an animal.

[Insert CRIMJIG 5.02 on Attempt if appropriate.]

Second,

[1] at the time the defendant took the wild animal, the defendant was under the influence of alcohol.

If a person ingests alcohol and is not influenced by it, this element has not been proven. If, as a result of ingesting the alcohol, the person’s ability or capacity to take a wild animal, is impaired, then this element has been proven.

There is no set standard as to the quantity of alcohol a person must ingest before being regarded as “under the influence.” When a person is so affected by the alcohol that the person does not possess that clearness of intellect and control of (himself) (herself) as (he) (she) otherwise would have, that person is “under the influence.”¹

[2] at the time the defendant took the wild animal, the defendant was under the influence of a controlled substance. _____ is a controlled substance.

If a person ingests a substance and is not influenced by the substance, this element has not been proven. If, as

a result of ingesting the substance, the person's ability or capacity to take a wild animal, is impaired, then this element has been proven.

There is no set standard as to the quantity of a substance a person must ingest before being regarded as "under the influence." When a person is so affected by the substance that the person does not possess that clearness of intellect and control of (himself) (herself) as (he) (she) otherwise would have, that person is "under the influence."²

[3] at the time the defendant took the wild animal, the defendant was under the influence of a combination of alcohol and a controlled substance. (_____ is a controlled substance).

If a person ingests a combination of alcohol and a controlled substance and is not influenced by it, this element has not been proven. If, as a result of ingesting the combination of alcohol and controlled substance, the person's ability or capacity to take a wild animal, is impaired, then this element has been proven.

There is no set standard as to the quantity of a combination of alcohol and controlled substance a person must ingest before being regarded as "under the influence." When a person is so affected by the combination of alcohol and controlled substance that the person does not possess that clearness of intellect and control of (himself) (herself) as (he) (she) otherwise would have, that person is "under the influence."³

[4] at the time the person took the wild animal, the defendant's alcohol concentration was 0.08 or more.

This means (the number of grams of alcohol per 100 milliliters of blood was 0.08 or more) (the number of grams of alcohol per 210 liters of breath was 0.08 or more) (the number of grams of alcohol per 67 milliliters of urine was 0.08 or more).

[5] within two hours of the time the defendant took the wild animal, the defendant's alcohol concentration was 0.08 or more.

An "alcohol concentration of 0.08 or more" means (the number of grams of alcohol per 100 milliliters of blood was 0.08 or more) (the number of grams of alcohol per 210 liters of breath was 0.08 or more) (the number of grams of alcohol per 67 milliliters of urine was 0.08 or more).

[6] at the time the defendant took the wild animal, the defendant was under the influence of an intoxicating substance and defendant knew or had reason to know that the substance had the capacity to cause impairment.

An "intoxicating substance" means a drug or chemical that, when introduced into the human body, impairs the central nervous system or the human audio, visual, or mental processes. The term does not include alcohol or controlled substances.⁴ [— is not a controlled substance.]

["Drug" means all medicinal substances and preparations, biological products, other than blood or blood components, all substances and preparations intended for use in the diagnosis, cure, mitigation, treatment, or prevention of disease in humans or other animals; and all substances and preparations, other than food, intended to affect the structure or any function of the bodies of humans or other animals.⁵]

[The term "drug" also means any compound, substance, or derivative that, when introduced into the body, induces an effect similar to that of —,⁶ regardless of whether the substance is marketed for the purpose of human consumption.⁷]

["Chemical" means all medicinal or industrial substances, whether simple or compound, or obtained through the process of the science and art of chemistry, whether of organic or inorganic origin.⁸]

“To know” requires only that the actor believes that the specified fact exists.

If a person ingests a substance and is not influenced by the substance, this element has not been proven. If, as a result of ingesting the substance, the person’s ability or capacity to take a wild animal, is impaired, then the person is under the influence of that substance.

There is no set standard as to the quantity of a substance a person must ingest before being regarded as “under the influence.” When a person is so affected by the substance that the person does not possess that clearness of intellect and control of (himself) (herself) as (he) (she) otherwise would have, that person is “under the influence.”⁹

Third, the defendant’s act took place on (or about) _____ in _____ County.

If you find that each of these elements has been proven beyond a reasonable doubt, the defendant is guilty. If you find that any element has not been proven beyond a reasonable doubt, the defendant is not guilty.

CRIMJIG 29.15**DRIVING WITH AN ALCOHOL CONCENTRATION
OF 0.08 OR MORE AS MEASURED WITHIN TWO
HOURS OF THE TIME OF DRIVING—AFFIRMATIVE
DEFENSE**

Replace the current jury instruction with the following text:

The defendant is not guilty of violating this statute if you are convinced, by a preponderance of the evidence, that the defendant consumed a sufficient quantity of alcohol after the time of actual (driving) (operating) (physical control) of a motor vehicle and before the administration of the evidentiary test to cause the alcohol concentration to exceed (0.08) (0.16).

By the term “preponderance of the evidence,” it is meant that all of the evidence produced must lead you to believe it is more likely that the claim is true than not true. Therefore, if you find it is more likely true than not true that the defendant’s alcohol concentration exceeded (0.08) (0.16) as a result of alcohol consumed after the time of (driving) (operating) (being in physical control of) a motor vehicle, the defendant (is not guilty of this offense) (has not aggravated this offense). CRIMJIG 29.20**DRIVING UNDER THE INFLUENCE—
AGGRAVATING FACTORS**

Replace the current instruction with the following text:

If you find the defendant guilty of _____, there (is) (are) (an) additional issue(s) you must determine, and (it) (they) will be put to you in the form of questions that will appear on the verdict form. The question(s) (is) (are):

[1] Did the defendant have (a) qualified prior impaired driving incident(s) within ten years immediately preceding the current offense? [A “qualified prior impaired driving incident” includes prior driving impaired convictions and prior impaired driving-related loss of license.]¹ [If you answer “yes” to this question, you must also answer the following question: How many such offenses did the defendant have? If you have a reasonable doubt about how many such offenses the defendant had, you should choose the smaller number.]

[2] Did the defendant have an alcohol concentration of 0.16 or more as measured at the time, or within two hours of the time, of the offense?

[3] Was a child under 16 years of age in the vehicle at the time of the violation? Was the child more than 36 months younger than the defendant?

You will answer (this) (each) question “yes” or “no.” If you have a reasonable doubt as to the answer, you should answer the question(s) “no.”

COMMENT

Add the following text as the second paragraph to the Comment:

In *State v. Fichtner*, 867 N.W.2d 242, (Minn. App. 2015) the Court of Appeals found that the aggravating factor of having a child under the age of 16 in the vehicle at the time of impaired driving may be used only once to make an aggravating factor. The statute makes no provision permitting the presence of additional children to represent separate aggravating factors.

CRIMJIG 29.22**REFUSAL TO SUBMIT TO TESTING—ELEMENTS**

Replace current Jury Instruction with the following text and Comments:

The elements of refusals to submit to testing are:

First, a peace officer had probable cause to believe that the defendant drove, operated, or was in physical control of a motor vehicle while under the influence of alcohol. In order to find that the officer had “probable cause,” you must first look at the totality of the circumstances leading to the arrest, based upon the objective facts and circumstances testified to by the arresting officer, as well as the officer’s training and experience. If you find those circumstances would lead a reasonable officer to have an honest and strong suspicion that the defendant was driving, operating, or in physical control of a motor vehicle while under the influence of alcohol, then the arresting officer had probable cause.

[1] Second, a peace officer placed the defendant under lawful arrest for driving while impaired. An arrest is “lawful” when an officer has reason to believe the defendant is in violation of the law and an officer can explain the reason.

[2] Second, the defendant was involved in a motor vehicle accident or collision resulting in (property damage) (personal injury to the defendant) (personal injury to another) (death).

[3] Second, the defendant refused to take a screening test (also called a preliminary screening or preliminary breath test). This test is administered to aid the officer in deciding whether an arrest should be made.

[4] Second, the defendant took a screening test (also called a preliminary screening or preliminary breath test) and the results indicated an alcohol concentration of 0.08 or more.

Third, the defendant was given the implied consent advisory by the peace officer.

[1] Fourth, the defendant was requested by a peace officer to submit to a chemical test of the defendant's breath.

[2] Fourth, the defendant was requested by a peace officer to submit to a chemical test of the defendant's (blood) (urine) as required by a search warrant.

Fifth, the defendant refused to submit to the test. [A failure to complete the entire test is a refusal. (In the case of a breath test, the entire test must consist of one adequate breath sample analysis, one calibration standard analysis, and a second adequate breath sample analysis.)]

[Insert appropriate elements from CRIMJIG 29.20 (Aggravating Factors), if applicable. Note that under *State v. Davidson*, 351 N.W.2d 8 (Minn. 1984), *the defendant may stipulate to any prior conviction(s) and remove that element from the jury's consideration.*]

CRIMJIG 29.44**FAILURE TO STOP AND GIVE INFORMATION—
UNATTENDED VEHICLE—ELEMENTS**

Replace current Jury Instruction with the following text:

The elements of failing to stop and give information after a collision involving an unattended vehicle are:

First, the defendant was the driver of a vehicle that collided with or caused a collision with an unattended vehicle. [“Unattended” means the vehicle was not occupied, and there was no person in the immediate vicinity looking after the vehicle.]

[1] Second, the defendant failed to stop the vehicle at the scene of the collision, or as close to the scene as possible and reasonably investigate what was struck.

[2] Second, the defendant knew or had reason to know the collision resulted in damage to the unattended vehicle.

Third, the defendant failed to stop immediately and provide (his) (her) name and address and the name and address of the owner of the vehicle (he) (she) was driving in any of the following ways:

[a] by locating and notifying the driver or owner of the unattended vehicle.

[b] by reporting this information to a police officer.

CRIMJIG 29.58**FAILURE TO YIELD—PEDESTRIANS—ABSENCE OF
SIGNALS—ELEMENTS**

Replace current Jury Instruction with the following text and Footnote:

The elements of failure to yield to a pedestrian are:

First, the defendant drove a vehicle. “Vehicle” means a device in, upon, or by which any person or property is or may be transported or drawn upon a highway, excepting devices used exclusively upon stationary rails or tracks.

Second, the defendant approached a pedestrian who was crossing the roadway (within a marked crosswalk) (within any crosswalk at an intersection) where traffic-control signals were not in (place) (operation).

Third, the defendant failed to stop to yield the right-of way. [No pedestrian shall suddenly leave a curb or other place of safety and walk or run into the path of a vehicle which is so close that it is impossible for the driver to yield. The State must prove beyond a reasonable doubt that it was not impossible for the defendant to yield.]¹

Fourth, the defendant’s act took place on (or about) _____ in _____ County.

CRIMJIG 29.64**OPERATING AIRCRAFT WHILE UNDER THE INFLUENCE OF A COMBINATION OF ALCOHOL AND/OR A CONTROLLED SUBSTANCE AND/OR A HAZARDOUS SUBSTANCE—ELEMENTS [Retitled]**

Replace current Jury Instruction with the following new Title, Text, Footnotes, and Comment:

The elements of this crime are:

First, the defendant (operated) (attempted to operate) an aircraft.

An “aircraft” is any contrivance used or designed for navigation of or flight in air [but excludes parachutes].

To “operate” includes the acts of all crew members with responsibility to operate the aircraft.

Second, at the time the defendant was (operating) (attempting to operate) an aircraft, the defendant was under the influence of a combination of (alcohol) (and) (a controlled substance) (and) (an intoxicating substance.)

[An “intoxicating substance” means a drug or chemical that, when introduced into the human body, impairs the central nervous system or the human audio, visual, or mental processes. The term does not include alcohol or controlled substances.¹ [_____ is not a controlled substance.]]

[“Drug” means all medicinal substances and preparations, biological products, other than blood or blood components, all substances and preparations intended for use in the diagnosis, cure, mitigation, treatment, or prevention of disease in humans or other animals; and all substances and preparations, other than food, intended to affect the structure or any function of the bodies of humans or other animals.]²

[The term “drug” also means any compound, sub-

stance, or derivative that, when introduced into the body, induces an effect similar to that of _____,³ regardless of whether the substance is marketed for the purpose of human consumption.]⁴

[“Chemical” means all medicinal or industrial substances, whether simple or compound, or obtained through the process of the science and art of chemistry, whether of organic or inorganic origin.]⁵

If a person ingests a substance and is not influenced by the substance, this element has not been proven. If, as a result of ingesting the substance, the person’s ability or capacity to operate an aircraft is impaired, then this element has been proven.

There is no set standard as to the quantity of a substance a person must ingest before being regarded as “under the influence.” When a person is so affected by the substance that the person does not possess that clearness of intellect and control of (himself) (herself) as (he) (she) otherwise would have, that person is “under the influence.”⁶

[Third, the defendant knew or had reason to know the intoxicating substance had the capacity to cause impairment.]

“To know” requires only that the actor believes that the specified fact exists.

[Third] [Fourth], the defendant’s act took place on (or about) _____ in _____ County.

If you find that each of these elements has been proven beyond a reasonable doubt, the defendant is guilty. If you find that any element has not been proven beyond a reasonable doubt, the defendant is not guilty.

CRIMJIG 29.70**OPERATING AIRCRAFT WHILE UNDER THE

DEFINED [Retitled]**

Replace current Jury Instruction with the following new Title, Text, and Comment:

Under Minnesota law, whoever operates or attempts to operate an aircraft on or over land or water, or over any boundary water, when the person is under the influence of an intoxicating substance, knowing or having reason to know the substance has the capacity to cause impairment, is guilty of a crime.

CRIMJIG 29.71**OPERATING AIRCRAFT WHILE UNDER THE
INFLUENCE OF AN INTOXICATING SUBSTANCE—
ELEMENTS [Retitled]**

Replace current Jury Instruction with the following new Title, Text, Footnotes, and Comment:

The elements of this crime are:

First, the defendant (operated) (attempted to operate) an aircraft.

An “aircraft” is any contrivance used or designed for navigation of or flight in air [but excludes parachutes].

To “operate” includes the acts of all crew members with responsibility to operate the aircraft.

Second, at the time the defendant was (operating) (attempting to operate) an aircraft, the defendant was under the influence of an intoxicating substance.

An “intoxicating substance” means a drug or chemical that, when introduced into the human body, impairs the central nervous system or the human audio, visual, or mental processes. The term does not include alcohol or controlled substances.¹ [_____ is not a controlled substance.]

[“Drug” means all medicinal substances and preparations, biological products, other than blood or blood components, all substances and preparations intended for use in the diagnosis, cure, mitigation, treatment, or prevention of disease in humans or other animals; and all substances and preparations, other than food, intended to affect the structure or any function of the bodies of humans or other animals.]²

[The term “drug” also means any compound, substance, or derivative that, when introduced into the body,

induces an effect similar to that of _____,³ regardless of whether the substance is marketed for the purpose of human consumption.]⁴

["Chemical" means all medicinal or industrial substances, whether simple or compound, or obtained through the process of the science and art of chemistry, whether of organic or inorganic origin.]⁵

If a person ingests a substance and is not influenced by the substance, this element has not been proven. If, as a result of ingesting the substance, the person's ability or capacity to operate an aircraft is impaired, then the person is under the influence of that substance.

There is no set standard as to the quantity of a substance a person must ingest before being regarded as "under the influence." When a person is so affected by the substance that the person does not possess that clearness of intellect and control of (himself) (herself) as (he) (she) otherwise would have, that person is "under the influence."⁶

Third, the defendant knew or had reason to know the intoxicating substance had the capacity to cause impairment.

"To know" requires only that the actor believes that the specified fact exists.

Fourth, the defendant's act took place on (or about) _____ in _____ County.

If you find that each of these elements has been proven beyond a reasonable doubt, the defendant is guilty. If you find that any element has not been proven beyond a reasonable doubt, the defendant is not guilty.

CRIMJIG 29.116**OPERATING AN OFF-HIGHWAY MOTORCYCLE/
OFF-ROAD VEHICLE WHILE UNDER THE
INFLUENCE OF AN INTOXICATING SUBSTANCE—
DEFINED [Retitled]**

Replace current Jury Instruction with the following new Title, Text, and Comment:

Under Minnesota law, whoever [(operates) (is in physical control of)] [(an off-highway motorcycle) (off-road vehicle)] within this state or on the ice of any boundary water, when the person is under the influence of an intoxicating substance knowing or having reason to know the substance has the capacity to cause impairment is guilty of a crime.

COMMENT

Minn. Stat. § 169A.20, subd. 1c(3).

CRIMJIG 29.117**OPERATING AN OFF-HIGHWAY MOTORCYCLE/
OFF-ROAD VEHICLE WHILE UNDER THE
INFLUENCE OF AN INTOXICATING SUBSTANCE—
ELEMENTS [Retitled]**

Replace current Jury Instruction with the following new Title, Text, Foot-note, and Comment:

The elements of this crime are:

First, the defendant ((drove) (operated) (was in physical control of)) ((an off-highway motorcycle) (off-road vehicle)).

["Off-highway motorcycle" means a motorized, off-highway vehicle traveling on two wheels and having a seat or saddle designed to be straddled by the operator and handlebars for steering control, including a vehicle that is registered under chapter 168 for highway use if it is also used for off-highway operation on trails or unimproved terrain.]¹

["Off-road vehicle" means a motor-driven recreational vehicle capable of cross-country travel on natural terrain without benefit of a road or trail. Off-road vehicle does not include a snowmobile; an all-terrain vehicle; a motorcycle; a watercraft; a farm vehicle being used for farming; a vehicle used for military, fire, emergency, or law enforcement purposes; a construction or logging vehicle used in the performance of its common function; a motor vehicle owned by or operated under contract with a utility, whether publicly or privately owned, when used for work on utilities; a commercial vehicle being used for its intended purpose; snow-grooming equipment when used for its intended purpose; or an aircraft.]²

["To operate" means to perform any act that causes a vehicle to function or controls the functioning of a vehicle.]³

[A person is in "physical control" of a vehicle when

the person is present in a vehicle and is in a position to either direct the movement of the vehicle or keep the vehicle in restraint. It is not necessary for the engine to be running in order for a person to be in physical control of a vehicle.]

Second, at the time the defendant was ((driving) (operating) (in physical control of)) ((an off-highway motorcycle) (off-road vehicle)), the defendant was under the influence of an intoxicating substance.

An “intoxicating substance” means a drug or chemical that, when introduced into the human body, impairs the central nervous system or the human audio, visual, or mental processes. The term does not include alcohol or controlled substances.⁴ [_____ is not a controlled substance.]

[“Drug” means all medicinal substances and preparations, biological products, other than blood or blood components, all substances and preparations intended for use in the diagnosis, cure, mitigation, treatment, or prevention of disease in humans or other animals; and all substances and preparations, other than food, intended to affect the structure or any function of the bodies of humans or other animals.]⁵

[The term “drug” also means any compound, substance, or derivative that, when introduced into the body, induces an effect similar to that of _____,⁶ regardless of whether the substance is marketed for the purpose of human consumption.]⁷

[“Chemical” means all medicinal or industrial substances, whether simple or compound, or obtained through the process of the science and art of chemistry, whether of organic or inorganic origin.]⁸

If a person ingests a substance and is not influenced by the substance, this element has not been proven. If, as a result of ingesting the substance, the person’s ability or capacity to (drive) (operate) (be in physical control of) (an

off-highway motorcycle) (off-road vehicle) is impaired, then the person is under the influence of that substance.

There is no set standard as to the quantity of a substance a person must ingest before being regarded as “under the influence.” When a person is so affected by the substance that the person does not possess that clearness of intellect and control of (himself) (herself) as (he) (she) otherwise would have, that person is “under the influence.”⁹

Third, the defendant knew or had reason to know the intoxicating substance had the capacity to cause impairment.

“To know” requires only that the actor believes that the specified fact exists.

Fourth, the defendant’s act took place on (or about) _____ in _____ County.

If you find that each of these elements has been proven beyond a reasonable doubt, the defendant is guilty. If you find that any element has not been proven beyond a reasonable doubt, the defendant is not guilty.

[Insert appropriate elements from CRIMJIG 29.20 Aggravating Factors if applicable. Note that under *State v. Davidson*, 351 N.W.2d 8 (Minn. 1984), the defendant may stipulate to any prior convictions and remove that element from the jury’s consideration.]

Replace current Jury Instruction with the following new Title, text, Footnotes and Comments:

The elements of this crime are:

First, the defendant knowingly possessed a (firearm) (pistol) (semi-automatic military-style assault weapon) (ammunition).

“To know” requires only that the actor believes that the specified fact exists.

A person possesses a firearm if it is on (his)(her) person. A person also possesses a firearm if it was in a place under (his)(her) exclusive control to which other people did not normally have access, or, if found in a place to which others had access, (he)(she) knowingly exercised dominion and control over it.²

“Pistol” does not include a device firing or ejecting a shot measuring 0.18 inches or less in diameter and commonly known as a “BB gun,” a scuba gun, a stud gun, or a nail gun used in the construction industry, and does not include children’s pop guns or toys.]⁴

[“Semi-automatic military-style assault weapon” means _____.]⁵

[t] was subject to an order for protection.¹³

Third, the defendant’s act took place on (or about) _____ in _____ County.

If you find that each of these elements has been proven beyond a reasonable doubt, the defendant is guilty. If you find that any element has not been proven beyond a rea-

sonable doubt, the defendant is not guilty.

COMMENT

Minn. Stat. § 624.713, subd. 2.

All reference to the reasons for ineligibility should be removed when the defendant stipulates to being an ineligible person.

“Other than the fact of a prior conviction, any fact that increases the penalty for a crime beyond the prescribed statutory maximum must be submitted to a jury, and proved beyond a reasonable doubt.” *Blakely v. Washington*, 542 U.S. 296, 301, 124 (2004). The fact of prior conviction may include judicial assessment of aspects of the conviction that are based upon facts admitted or found by a jury in that case, such as whether the prior conviction is a felony, *State v. Outlaw*, 748 N.W.2d 349 (Minn. Ct. App. 2008), a heinous crime, *State v. Leake*, 699 N.W.2d 312 (Minn. 2005), or a crime of violence, *State v. Wiskow*, 774 N.W.2d 612 (Minn. Ct. App. 2009), but a “qualitative assessment of behavior” or a “comparison and weighing of bad conduct” regarding the current offense must be submitted to the jury. *State v. ⁵See Minn. Stat. § 624.712, subd. 7, for the complete definition of “semi-automatic military-style assault weapon.”

⁷Under *State v. Davidson*, 351 N.W.2d 8 (Minn. 1984), the defendant is entitled to stipulate to the existence of the prior conviction. Such a stipulation constitutes a waiver of jury trial on this element, and defendant’s waiver must be made personally and on the record. Under such circum-

stances, this option for the second element should be used.

⁸Note the prohibition concerning a person under the age of 18 applies only to pistols and semi-automatic military-style assault weapons, but allows possession of other firearms and ammunition.

Under Minnesota law, whoever (sells) (possesses) a suppressor that is not lawfully possessed under federal law is guilty of a crime.

CRIMJIG 32.25**SALE/POSSESSION OF A FIREARM SILENCER—
ELEMENTS**

Replace the current jury instruction with the following text, Footnote, and Comments:

The elements of (sale) (possession) of a firearm silencer are:

First, the defendant (sold) (possessed) a suppressor that was not lawfully possessed under federal law. “Suppressor” means any device for silencing, muffling, or diminishing the report of a portable firearm, including any combination of parts, designed or redesigned, and intended for use in assembling or fabricating a firearm silencer, or firearm muffler, and any part intended only for use in such assembly or fabrication.

Second, the defendant intentionally (possessed) (sold) the suppressor.

[Insert CRIMJIG 32.42 if possession is constructive.]

[Third, the defendant (sold) (possessed) the device in a (school) (park) (public housing) zone? [A “school zone” is any property owned, leased, or controlled by a school district or an organization operating a nonpublic school where an elementary, middle, or secondary school, secondary vocational center, or other school providing educational services for grades one through twelve is located or used for educational purposes, or where extracurricular or co-curricular activities are regularly provided.] [A “park zone” is an area designated as a public park by the federal government, the state, a local unit of government, a park district board, or a park and recreation board in a city of the first class. Park zone includes the area within (300 feet) (or) (one city block,) (whichever distance is greater,) of the park boundary.] [A “public housing zone” is a public housing project or development administered by a local housing agency, plus the area within (300

feet of the property’s boundary,) (or) (one city block,) (whichever distance is greater).]

[Third] [Fourth], the defendant’s act took place on (or about) _____ in _____ County.

If you find that each of these elements has been proven beyond a reasonable doubt, the defendant is guilty. If you find that any element has not been proven beyond a reasonable doubt, the defendant is not guilty.

COMMENT

In cities where no grid system is present, the term “one city block” does not apply and the transaction must take place within 300 feet of the park for the statute to apply. *See State v. Estrella*, 700 N.W.2d 496 (Minn. App. 2005).

When land surrounding a public park is divided into rectangular blocks bounded by city streets, the area “within one city block . . . of the park boundary” include the entire area of block adjacent to the park. *State v. Carufel*, 783 N.W.2d 539 (Minn. 2010) (a controlled substance case). This holding would presumably also apply to a school zone or public housing zone.

CRIMJIG 32.37**POSSESSION OF A PISTOL WITHOUT A PERMIT—
ELEMENTS**

Replace current Jury Instruction with the following text, Footnotes, and Comments:

The elements of carrying a pistol without a permit are:

First, the defendant was not a licensed peace officer.

Second, the defendant knowingly¹ carried, held, or possessed a pistol (in a motor vehicle) (in a snowmobile) (in a boat) (on or about the person's clothing or the person) (in a public place or public area).

Third, the defendant did not possess a permit issued or recognized by Minnesota to carry the pistol. [Minnesota recognizes permits issued by _____.]² The statutes of Minnesota provide that a permit to carry a pistol is not required of a person who _____.³

Fourth, the defendant's act took place on (or about) _____ in _____ County, Minnesota.

If you find that each of these elements has been proven beyond a reasonable doubt, the defendant is guilty. If you find that any element has not been proven beyond a reasonable doubt, the defendant is not guilty.

COMMENT

Minn. Stat. § 624.714, subd. 1.

For purposes of Minn. Stat. § 624.714, subd. 9(a) (1998), which established an exception to the requirement that an individual must have a permit to possess a pistol, a person's "place of business" does not include a vehicle used by a courier company's employee. *State v. Palmer*, 636 N.W.2d 810 (Minn. App. 2001).

Conviction of a second or subsequent violation constitutes a felony. In appropriate cases a special interrogatory may be necessary for the

jury as to the existence of the prior conviction. If the defendant so elects, the defendant may judicially admit the prior conviction to prevent that information from being presented to the jury. *State v. Davidson*, 351 N.W.2d 8 (Minn. 1984).

¹In *State v. Ndikum*, 815 N.W.2d 816 (Minn. 2012), the Supreme Court held that knowledge of possession is an element of the crime of possession of a pistol in a public place in violation of Minn. Stat. § 624.714, subd. 1a. In reliance on *Ndikum*, the Committee added the knowledge element as the legislature's silence on the issue does not suggest that it intended to do away with the mens rea requirement.

²See Minn. Stat. § 624.714, subd.

16 (providing for recognition of permits from other states).

³Exceptions to the requirement to carry a permit are found at Minn. Stat. § 624.714, subd. 9 and subd. 23. In those cases in which the defendant raises a defense under those provisions, it is the burden of the prosecution to prove beyond a reasonable doubt that those provisions do not apply.

Replace current Jury Instruction with the following Text, Footnotes, and Comment:

The elements of this crime are:

First, the defendant knowingly carried a pistol on or about (his) (her) clothes or person.¹

A pistol is carried “on or about” one’s clothes or person if there is a physical nexus between the person and the pistol or if the pistol is carried within arm’s reach of the person.²

Second, at the time of carrying pistol on or about (his) (her) clothes or person, the defendant was in a public place.

Third, at the time, the defendant (was) (had)

[1] under the influence of a controlled substance.³ _____ is a controlled substance. As part of this element the State must prove beyond a reasonable doubt that the substance in question was, in fact, _____.

If a person ingests a substance and is not influenced by the substance, this element has not been proven. If, as a result of ingesting the substance, the person’s ability or capacity is impaired, then this element has been proven.

There is no set standard as to the quantity of a substance a person must ingest before being regarded as “under the influence.” When a person is so affected by

the substance that the person does not possess that clearness of intellect and control of (himself) (herself) as (he) (she) otherwise would have, that person is “under the influence.”⁴

[2] under the influence of a combination of controlled substances or a combination of a controlled substance⁵ and alcohol. _____ is a controlled substance. As part of this element the State must prove beyond a reasonable doubt that the substance in question was, in fact, _____.

If a person ingests (a combination of controlled substances) (a combination of a controlled substance and alcohol) and is not influenced by it, this element has not been proven. If, as a result of ingesting the (combination of controlled substances) (combination of a controlled substance and alcohol), the person’s ability or capacity is impaired, then this element has been proven.

There is no set standard as to the quantity of (a combination of controlled substances) (a combination of a controlled substance and alcohol) a person must ingest before being regarded as “under the influence.” When a person is so affected by the (combination of controlled substances) (combination of a controlled substance and alcohol) that the person does not possess that clearness of intellect and control of (himself) (herself) as (he) (she) otherwise would have, that person is “under the influence.”⁶

[3] under the influence of an intoxicating substance.

An “intoxicating substance” means a drug or chemical that, when introduced into the human body, impairs the central nervous system or the human audio, visual, or mental processes. The term does not include alcohol or controlled substances.⁷ [_____ is not a controlled substance.]

“Drug” means all medicinal substances and preparations, biological products, other than blood or blood components, all substances and preparations intended for

use in the diagnosis, cure, mitigation, treatment, or prevention of disease in humans or other animals; and all substances and preparations, other than food, intended to affect the structure or any function of the bodies of humans or other animals.]⁸

[The term “drug” also means any compound, substance, or derivative that, when introduced into the body, induces an effect similar to that of _____,⁹ regardless of whether the substance is marketed for the purpose of human consumption.]¹⁰

[“Chemical” means all medicinal or industrial substances, whether simple or compound, or obtained through the process of the science and art of chemistry, whether of organic or inorganic origin.]¹¹

If a person ingests a substance and is not influenced by the substance, this element has not been proven. If, as a result of ingesting the substance, the person’s ability or capacity is impaired, then this element has been proven.

There is no set standard as to the quantity of a substance a person must ingest before being regarded as “under the influence.” When a person is so affected by the substance that the person does not possess that clearness of intellect and control of (himself) (herself) as (he) (she) otherwise would have, that person is “under the influence.”¹²

[4] under the influence of alcohol.

If a person ingests alcohol and is not influenced by it, this element has not been proven. If, as a result of ingesting the alcohol, the person’s ability or capacity is impaired, then this element has been proven.

There is no set standard as to the quantity of alcohol a person must ingest before being regarded as “under the influence.” When a person is so affected by the alcohol that the person does not possess that clearness of intel-

lect and control of (himself) (herself) as (he) (she) otherwise would have, that person is “under the influence.”¹³

[5] a blood alcohol concentration of 0.10 or more.

[6] a blood alcohol concentration of less than 0.10 but more than 0.04.

[Fourth, the defendant knew or had reason to know the intoxicating substance had the capacity to cause impairment.]

“To know” requires only that the actor believes that the specified fact exists.

[Fourth] [Fifth], the defendant’s act took place on (or about) _____ in _____ County.

If you find that each of these elements has been proven beyond a reasonable doubt, the defendant is guilty. If you find that any element has not been proven beyond a reasonable doubt, the defendant is not guilty.
